

**REMARKS**

This amendment adds, changes and/or deletes claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier.

Claims 1-36 were pending in this application. The Examiner is requested to enter the amendments made herein to claims 1 and 12 in order to clarify the nature of the connection between the relevant layers. This amendment was discussed with Examiner Chambliss on July 15, 2003, and the present rule 312 amendment is being filed per his suggestion.

Also, based upon the Notice of Allowance, it appears that the title of the invention has not been updated in the PTO records. As requested by the Examiner, the title of the application was amended in a previous reply to: "WIRING BOARD UTILIZING A CONDUCTIVE MEMBER HAVING A REDUCED THICKNESS." Applicant requests that the PTO records be updated to that the issued patent reflects the title as amended.

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741. If any extensions of time are needed for timely acceptance of papers submitted herewith, Applicant hereby petitions for such extension under 37 C.F.R. §1.136 and authorizes payment of any such extensions fees to Deposit Account No. 19-0741.

Respectfully submitted,
